## Wealth Grower Guaranteed Annuity Plan

Wealth Grower Guaranteed Annuity Plan (the “Plan”), a life insurance plan with savings element, offers guaranteed annuity payments until age 100 of the insured, helping to realize your dreams with a stable income stream. In case a mishap occurs during the annuity payment period, the beneficiary<sup>1</sup> can continue to receive the remaining guaranteed annuity payments. This way, your financial arrangement will not be affected, ensuring sufficient financial support for your family.

## Plan Features

### Stable income to fund your future plans

The Plan offers you a guaranteed annuity payment equal to 100% of the basic amount on every policy anniversary before policy maturity and at policy maturity. This way, even though you have already retired, you can continue to receive the amount until the insured reaches age 100, securing a stable income to fund your future plans. The number of guaranteed annuity payment is 100 minus the issue age of the insured.

In addition, you will receive a non-guaranteed dividend<sup>2</sup> at every policy anniversary while the policy is in force.

You can opt to withdraw<sup>3</sup> the guaranteed annuity payment and non-guaranteed dividend to achieve financial goals or leave them in the policy to earn interest<sup>2</sup> for flexible financial arrangement.

“Basic amount” means the amount shown on the policy information page or endorsement as the “basic amount”. The “basic amount” is used to calculate the premium and relevant values of the policy, but is not applicable to the calculation of the death benefit. If the basic amount has been amended while the policy is in force, the said premium and relevant values of the policy will be adjusted accordingly.

### Short payment terms for whole life coverage

The Plan covers the insured up to age 100 while you only need to pay the premium for 5 years. Alternatively, you can choose to prepay the premiums<sup>4</sup> offering you better financial planning.

### Life protection for legacy planning

During the premium payment term, if the insured passes away, the beneficiary will receive a death benefit equal to 101% of the accumulated premium due and paid (less the accumulated guaranteed annuity payments paid), or the guaranteed cash value at the date of death of the insured, whichever is higher; plus accumulated guaranteed annuity payments and interest<sup>2</sup> (if any), and accumulated non-guaranteed dividends and interest<sup>2</sup> (if any), and less all indebtedness (if any). The policy will be terminated thereafter.

In the event the insured passes away after the premium payment term, all the accumulated guaranteed annuity payments and interest<sup>2</sup> (if any) and non-guaranteed dividends and interest<sup>2</sup> (if any), and less all indebtedness (if any), will be paid to the beneficiary<sup>1</sup> in a lump-sum. The remaining guaranteed annuity payments will continue to be paid to the beneficiary, helping to meet your family’s financial needs through your legacy. The number of guaranteed annuity payments that the beneficiary is eligible to receive is 100 minus the issue age of the insured and the number of guaranteed annuity payments which has been paid until the death of the beneficiary.

The remaining guaranteed annuity payments will continue be paid to the beneficiary during the annuity period as calculated above. In case the beneficiary passes away, the inheritor of the beneficiary will receive a lump sum of the accumulated premium due and paid less the accumulated guaranteed annuity payments paid, or the guaranteed cash value at the date of death of the beneficiary, whichever is higher; plus accumulated non-guaranteed dividends and interest<sup>2</sup> (if any) and accumulated guaranteed annuity payments and interest<sup>2</sup> (if any), and less all indebtedness (if any). The policy will be terminated thereafter.

## What are the key product risks?

### Credit risk:

The Plan is a life insurance policy issued by China Life (Overseas). Any premium paid will become part of our assets and our financial strength will affect our ability to meet our contractual obligations to you under the Plan. Therefore, you are subject to our credit risk.

### Early surrender risk:

The savings component of the Plan is subject to risks and possible losses. Should you surrender the policy early, you may receive an amount considerably less than the total amount of premiums paid.

### Exchange rate and currency risks:

Any policy with foreign currencies involves risks, such as potential changes in political or economic conditions that may substantially affect the price or liquidity of a currency. The fluctuations in exchange rates may also cause financial losses to you during currency conversions. You should take exchange rate risk into consideration when deciding the policy currency.

### Inflation risk:

The cost of living in the future may be higher than expected due to the effects of inflation. Therefore, your current planned benefits and/or returns may be insufficient to meet your future needs even if we fulfill all of our contractual terms and obligations.

### Liquidity and withdrawal risk:

You are obliged to hold the policy and pay the premium(s) for the designated period of time. If you terminate the policy prior to the policy maturity date, you will suffer a financial loss. In case you make partial withdrawals from the policy, your policy value, death benefit and other policy benefits will be affected, and you may need to pay the relevant handling fee or charges (if any).

### Non-guaranteed benefit:

The Plan consists of non-guaranteed benefits and/or returns. The actual amounts of benefits and/or returns in the future may be different from the benefits and/or returns which project on the product materials. The product materials are for illustrative purposes only.

### Policy termination:

The policy will be terminated if (a) the policy lapses or is surrendered; or (b) the maturity benefit is paid; or (c) the death benefit is paid; or (d) the due premium has not been paid within 31 days after the premium due date, and the policy has no remaining guaranteed cash value; or (e) the indebtedness of the policy is equal to or exceeds the guaranteed cash value of the policy.

Effective from 1 January 2018, all policyholders are required to pay a levy on each premium payment made for both new and in-force policies to the Insurance Authority (the "IA"). For levy details, please visit our website at [www.chinalife.com.hk](http://www.chinalife.com.hk) or contact our customer service hotline at 399 95519 or visit IA's website at [www.ia.org.hk](http://www.ia.org.hk).
