1. MANAGEMENT

- 1.01 The management of the Building is carried out by Savills Taiping Property Management Limited (**“the Manager”**).

Fitting out / Reinstatement works will be coordinated by the Manager. Please direct all enquires relating to this matter to Mr. Jacky Cheung at 2157 1481.

China Life Center Management Office
18 Hung Luen Road, Hung Hom
Tel: 2157 1428
Fax: 2157 9669

- 1.02 Security

During the day and night the Shift Supervisor will be on duty at the control desk (Telephone no. 2893 7714) in the management office and other building staff will patrol the Building.

- 1.03 Building Management Functions

Savills Taiping Property Management Limited will provide the following management services to the common areas and common facilities of the Building.

- (i) Building Supervision
- (ii) Security
- (iii) Cleaning
- (iv) Maintenance and Repair
- (v) Insurance
- (vi) Utilities

- 1.04 Tenant's Obligation etc

All matters of mutual obligations, insurance, and air-conditioning charge are items which are dealt with at the office of Savills Taiping Property Management Limited.

Savills Taiping Property Management Limited would be pleased to consider any suggestions to improve the operation of the Building and if we can be of any assistance.

2. FITTING OUT PROCEDURES

2.01 Government Approval

Before you undertake any works, please ensure that your proposal complies with the Building Ordinance or other Government Regulations. It is your responsibility to ensure that any necessary approvals are obtained. Any modification which contravenes the statutes/regulations will have to be rectified at the occupier's cost.

2.02 Approval of Fitting Out Drawings

Please submit 3 copies of the fitting out and decoration plans to the Manager, Savills Taiping Property Management Limited at G/F Management Office, China Life Center, 18 Hung Luen Road, Hung Hom, within 14 days of signing the offer letter.

All plans submitted shall be to a scale of 1:100 indicating the following items:-

- General layout plans;
- Fire services;
- Air-conditioning system;
- Mechanical and electrical installation;
- Plumbing/drainage system; and
- Ceilings.

After being duly studied by the Landlord and the Manager, a letter will be issued by the Manager to the tenant to advise their comments on the drawings.

No alternation, addition or fitting out can be carried out without prior written consent from the Landlord/Manager.

All alterations to the plumbing and drainage, fire service, fire equipment, electricity, security, air-conditioning services and system ceiling installation **shall** be carried out by the nominated contractors listed in Section 6.00 of this Fitting Out Guide.

2.03 Deposits

Each tenant/occupant will be required to deposit with the Landlord the sum of HK\$15,000.00 for office, HK\$25,000.00 for shop/restaurant as fitting out deposit, which will be refundable after the completion of your fitting out and decoration work to ensure that all the rules of fitting out are strictly adhered to by yourselves, your contractor and any sub-contractors, and as a deposit against any damage caused to the Building by the same. The Landlord reserves the right to charge any additional sum in the event of the deposits being insufficient to meet the cost incurred.

These cheques should be payable to Savills Property Management Limited.

2.04 Vetting Fee

A vetting fee of HK\$2.00psf (gross) for office and HK\$2.50 psf (gross) for retail spaces shall be payable by the tenant to the Manager in respect of the involvement of the Manager in the review and approval of fitting out plans.

2.05 Access and Working Hours

You will be required to give Savills Taiping Property Management Limited at least 24 hours' notice for use of the Lifts for goods delivery in the fitting out of your premises. All removals or the carry in or out of furniture or bulky matter of any description must take place after office hours or any other hours as specified by the Manager from time to time so as to cause no disturbance to other Tenants/Occupiers within the Building. You are advised to make prior arrangement with the Manager for all noisy work and transportation of materials. Please refer to Appendix VI and VII.

Please note that fitting out of your premises is only allowed between 0830 to 1830 hours unless prior authority to work outside these hours is given by the Manager. However, under no circumstances will noisy work be allowed during these hours. Workmen should be under the control of the contractors' supervisor who will sign in daily at the security desk stating the details of workmen (including their names and identity card numbers) carrying out the fitting out on that day.

2.06 Insurance Coverage

- a. The Tenant/Occupier must have sufficient insurance coverage in respect of the Premises (where the decoration work will be carried out) against fire and public liability, of which minimum coverage of public liability shall be HK\$30,000,000 per incident, including the Manager, "Savills Taiping Property Management Limited" and "Savills Property Management Limited", and Landlord "Sunnoon Development

Limited” and “China Life Insurance (Oversea) Co. Ltd” as the insured parties.

- b. A copy of such insurance policy shall be sent to the Manager for reference prior to commencement of any work.
- c. For the avoidance of doubt, the Manager shall be in no way be liable to any Tenant/ Occupier for the acts omissions defaults and/or negligence of its nominated building contractors (Read Part 4 – Nominated Contractors)

2.07 Workmen's Behavior

You will be responsible for the good conduct of the workmen while they are in CLI Building. Your particular attention is drawn to the correct use of toilets.

As Manager of the Building Savills Taiping Property Management Limited reserves the absolute right to remove any workmen from the Building without having to give any reason or notice.

2.08 Refuse/Debris

Your particular attention is drawn to the danger of fire during the fitting out period, and it is essential that refuse/debris does not accumulate. All materials and debris shall be kept in the tenant's own premises during the working period without obstructing any part of the public areas. All material must be taken away on a daily basis and disposed of away from the site by your contractor.

Part of your deposit will be used to remove any debris if you do not clear up on a daily basis.

2.09 Cleaning

You will be responsible for cleaning your premises and the stairways, lifts, etc after fitting out works including the removal of all bulk cartons which have been used during office removal.

If you do not arrange for proper cleaning our retained contractors will carry out the work and the cost will be deducted from your deposits.

2.10 Fire Precautions

Your attention is drawn to the regulations of the Fire Services Department and to the Building authority who require that all fire/smoke doors must be kept closed at all times. Please ensure that your contractors workmen are aware of the regulations and ensure

2.11 Safety Precaution

Every precaution should be taken in the use of electrical equipment by your contractors workmen including the use of the suitable earthed cable from the power sockets. Temporary cabling should be supported above the floor and finally removed on completion.

2.12 Temporary Power

A temporary power supply is available for the tenant's use during fitting out work. This supply will be charged @HK\$100.00 per unit. Please refer to Appendix IV.

In no circumstances must your contractors tap electricity from the common areas. Illegal electrical connection may result in immediate suspension of power supply.

2.13 Cutting into walls, ceiling and floors

Any works which involve cutting into walls, ceiling or floors must receive prior written consent of the Manager.

2.14 Electrical Services

All electrical work will be carried out by the Building's nominated contractor at the tenant's cost and the supply of electricity can be obtained via The Hongkong Electric Company Limited (Telephone no 2887 3411).

2.15 Telephone

A telephone supply cable is laid to each floor and for connection and installation of phones, please contact PCCW (Telephone no 2888 2888).

2.16 Other Supply Cables

All other supply cables should be segregated from electrical services cables.

2.17 Partitioning

Only drywall construction is permitted unless our specific permission has been obtained for the use of other materials. No direct fixings to the curtain wall will be permitted. In any event, no combustible materials shall be allowed to be used for construction of partitions.

3. FITTING OUT CONDITIONS

- 3.01 All the works proposed on approved drawings must be carried out to the satisfaction of the Landlord and/or the Manager. In this connection, the tenant will keep the Landlord and/or the Manager informed of the actual working dates and inspections will be made during the course of proposed works.
- 3.02 All noisy works and transportation of materials to, and debris from the tenant's premises will be carried out outside normal office hours so as to cause no disturbance to other occupants within the Building.
- 3.03 The tenant shall take all necessary precautions to restrict the nuisance of dust the noise and shall not cause any disturbance or inconvenience to other occupants within the Building.
- 3.04 The Landlord and/or the Manager reserves the right to require the tenant to make any alteration thought fit, even after completion of the proposed and approved works. Any such requirement must be complied with within one month from the date on which a tenant is so notified in writing.
- 3.05 No work, including chasing, forming openings, etc, is permitted to the structural walls and floors, and tenants will be liable to reinstate, at their expense, all damaged areas. If any contravention is noted the Manager at its sole discretion may stop all fitting out works at the premises (including but not limited to disconnection of the temporary power supply) until full assessment of the damage is carried out.
- 3.06 The tenant shall provide and maintain sufficient access to and from all Landlord's equipment in order that regular maintenance and replacement of such equipment can be carried out without detriment to both the Landlord's and the tenant's fixtures and fittings. In particular, the Landlord's equipment without the false ceiling pipe ducts, meter rooms, telephone rooms and AHU rooms must be serviceable with suitable access.
- 3.07 Prior to the commencement of any works, a list of all personnel to be engaged on the works is to be deposited in the Building Superintendent's office. Such a list will contain the names, addresses and Hong Kong identity card numbers of all personnel so engaged.
- 3.08 It is the tenant's responsibility to allow ample time for the consultants to design and the contractors to install the fitting out works. The Landlord and/or the Manager will not be liable for any delay in the fitting out works.

No workman is allowed to stay overnight within the Building.

- 3.09 The Contractor/Tenant shall take all reasonable steps to implement its own environmental plan with respect to the completion of the works. The plan shall set out the contractor's arrangement, in respect of environmental matters, including but not limited to the following where applicable.
- monitoring and control of dust emissions.
 - monitoring and control of noise emissions.
 - monitoring and control of waste water emissions.
 - storage and disposal of solid waste.
 - storage and handling of dangerous goods.
 - storage, handling and disposal of chemical and hazardous waste.
 - minimization and recycling of waste.
 - rodent, vermin and pest control.
- 3.10 The contractor/tenant shall be aware of occupational safety and health. Guidelines shall be referred to Occupational Safety and Health Council.
